

RecruitAbility Salary Survey 2019

Welcome to RecruitAbility's first salary survey. This guide provides the latest information on salaries for professional office roles in the Hertfordshire, Essex and Cambridgeshire areas and has been collected through extensive local research.

RecruitAbility has always advised our clients that salary is not necessarily the biggest motivator for candidates. In the current employment market, where quality candidates can be difficult to find, being aware of current salary trends and expectations can help employers put together the best offers for new employees and aid with staff retention.

Our salary survey will be an annual event, which will provide even more useful information as we can report year-on-year salary trends. We very much welcome your feedback so if you have any comments you would like to make please get in touch on general@recruitability.co.uk.

Temporary salaries are given as a per hourly figure in brackets where appropriate
